

WORKSHOPS

Join us for two exciting hands-on educational workshops to be held at our Teaching Garden at the Pierce Meadow Community Garden in Leominster. Registration is limited to 20, so register now!

SATURDAY, SEPTEMBER 27, 2014: 10:00A.M. TO 11:15A.M.: EXTENDING THE SEASON WITH LOW TUNNELS:

Do you find yourself still dreaming of fresh leafy greens, even as the cold weather approaches? You can make those dreams of an extended growing season a reality! Join our Executive Director, Joanne Foster, and lifelong gardener Gaynor Bigelbach at our next workshop, where they will teach the art of constructing low tunnels for a longer, greener season.

SATURDAY, OCTOBER 18, 2014: 10:00A.M. TO 11:15A.M.: EXTENDING THE SEASON WITH LOW TUNNELS:

Join us for our last outdoor workshop of the season when Growing Places' Executive Director, Joanne Foster, will lead a hands-on demonstration in planting and caring for garlic. Participants will help to plant three new beds of garlic for the Growing Places garlic crop. Come spend some time in the crisp fall air, and learn how simple (and exciting) it can be to grow your own garlic. Those who attend the workshop will be given **a head** of organic, Growing Places-grown **garlic**, as well as detailed instructions for garlic planting, maintenance, and harvesting.
